

TO ALL SKATERS AND PARENTS... YOUR CLUB NEEDS YOU!!!

Safety mats are an important part of speed skating. They are as essential as neck guards and shin pads. They keep our skaters, young and old, safe from serious harm. As a club, we are very fortunate to have as many as we do!

But safety mats are also heavy and awkward to move!

They are of no help to anyone if they are not on the ice surface on time. **This is where you can help!!**

In order to coordinate this task effectively, we need all parents to get involved. Thus, on skating nights, we ask that you make every effort to arrive at the arena 20 minutes earlier in order to have enough time to help with mats, sharpen skates and lace up your kids.

Please note that this is not too much to ask, in consideration that the last session skaters and parents do a super job at putting the mats back in storage.

Your enthusiasm for this task will be greatly appreciated!
